

# FUSION SERIES SIDE- AND HIGHBOARDS

Fusion has a series of elegant sideboards and highboards. All doors and drawers are soft closing, drawers fully extending. There are adjustable shelf behind each door. The metal legs, with or without veneer, gives the series a modern look. All cabinets are fully veneered on the back - so they can be free standing.

# FUSION SERIES

Fusion has a series of sideboards and highboards, with veneered cabinets and fronts in either striking intarsia or straight veneer – or maybe one of our beautiful laminate colors – please see below. All doors and drawers are soft closing, drawers fully extending. There is one adjustable shelf behind each door. The metal legs gives the sideboards a modern look - you can choose black metal, or metal with light oak or walnut veneer.

### QUALITY FURNITURE SINCE 1968

PBJ Designhouse was founded in 1968 by Per Buhl Jørgensen. Since 1996 the proud design and craftsmanship tradition has been carried on by Morten Svendsen, and the company has invested in larger production facilities to follow the strong demand.

### DANISH DESIGN

PBJ Designhouse has a tradition of bringing together furniture architects and certified cabinet makers since the start.

This has turned the company into an exponent of Denmark's proud traditions in furniture – when creativity and quality unite, the result reaches new heights.

### FURNITURE WITH A CONSCIENCE

All wood used at PBJ Designhouse comes from state approved plantations, where the logs are individually selected and gently harvested.

We often produce furniture with veneer. The reason for this is twofold. It reduces the use of solid timber, thereby conserving natural resources. Secondly, the MDF that the veneer cover is made with recycled wood which is better for the environment whilst still producing a strong and high-quality surface.

All of our timber and veneer are carefully hand sorted so that the grain patterns and color variations are as natural as possible.
