

## ENCAPSULATED COLLECTION

# Fortis 1500

- Breathable micro-quilted knitted fabric cover enhances airflow and includes high-performance fibre blend with advanced elastomeric fibre that help maintain durability and shape over time
- Cool feel fabric keeps you comfortable at night with breathable moisture - wicking fibre
- High - Performance ErgoSense Foam gently relieves pressure points and promotes healthy blood circulation, helping to reduce tossing and turning for a deeper, more restorative sleep
- Highgrove's advanced 1500 Pocket Spring System with individually encased pocket springs provides proper underlying support
- Fully foam encapsulated to provide a wider sleep surface and edge-to-edge support
- Designed as a no-turn mattress - please regularly rotate 180 degrees to extend mattress life and performance
