VISUAL APPEARANCE

The product may reveal various wrinkles due to the combination of Elasticity of the covering, characteristics of the interior construction and the design of the product.

 Low

 Medium

 High

Products with Visual Appearance listed as High or Medium would require higher degree of care, where seats and back cushions may require fluffing and plumping more often than Products with Visual Appearance listed as Low.

NOTES

- Available in leather (TG only) or fabric.
- By distributing weight evenly across all pressure points, the zero-gravity power motion system makes you feel weightless. It takes the pressure off your spine and can promote circulation in the legs.
The definition of Zero Gravity Reclining is the ability for your heart to be resting above your feet which provides proven health benefits.
- ZERO GRAVITY™ DUAL POWER MOTION: a unique power motion system that separately and independently activates the different functions, to adjust the seat recliner and the headrest, allowing you to reach extreme comfort in a “zero gravity” position.
- Switch #1: All in One Power Reclining mechanism that simultaneously reclines the back, activates a “comfort tilt” of the seat and a full extension of the footrest, taking you to a “zero gravity” position that will make you experience a total and unparalleled relaxation.
- Switch #2: Power Adjustable Headrest which allows you to recline the headrest forward with millimetric precision to support you with a perfect and proper posture.
- Functions are operated by the power switch located on outside panel of the arm which also allocates a USB charging port.
- A battery pack can be ordered with its own version code 830. For order entry please use XX for category and XXX for cover code. In order to optimize the duration of the battery, it is suggested to order one per each motion seat.
- Internal wooden frame.
