LIFE *well furnished*

NARVIK

NARVIK encompasses the very best in design, style and practicality. It is available in beautifully finished and crafted solid oak surfaces. Active wood surfaces, good quality soft close functions for storage creates a modern life feeling together with retro touch. The angles are softened and the streamlined forms of the items remind of cars and airplanes aerodynamic lines. Worldwide success in todays furniture encourage us together with Danish designer to develop NARVIK. The milled rounded handles is not only a design solution and a beautiful detail of this collection, but also convenient functional solution. The collection also has dining tables which ones with more guests you can easily expand, with the help of a synchronized extension mechanism.
