Sit longer in greater comfort and safety with Mammoth. Our leading seating technology gives you:

- Better ease of movement
- Better circulation, support and posture
- Pain relief
- Reduce risk of falling and injury
- Helps to prevent hip locking when sitting/standing.

‘Mammoth research shows that 80% of your body weight goes through your lower back when sitting, so it is essential to have the right support.’

Mammoth’s cooling airflow channels help reduce sweating, moisture and bacteria build up.
